Executive Department,

NOTIFICATIONS.

Fort William, the 31st July 1874.

No. 7.—The following enactments are published for general information:—

37 VICTORIA, CHAPTER 12.

An Act to make provision for the transfer of the assets and liabilities of the Bengal and Madras Civil Service Annuity Funds, and the Annuity Branch of the Bombay Civil Fund, to the Secretary of State for India in Council.

[8th June 1874.]

WHEREAS an institution, known as the Bengal Civil Service Annuity Fund, was established in India, under the authority given by the Court of Directors of the East India Company in a public despatch to the Governor-General in Council at Fort William in Bengal, dated the eighth

of December one thousand eight hundred and twenty-four, for the grant of annuities to the civil servants of the said Company on their retiring from the service, who should become subscribers to the said institution; and whereas another institution, known as the Madras Civil Service Annuity Fund, founded on certain annuity funds of earlier dates, was established in Madras, under the authority given by the said Court of Directors in a public despatch to the Governor in Council at Fort St. George, dated the thirty-first of December one thousand eight hundred and twenty-four, for the grant of similar annuities; and whereas another institution, known as the Annuity Branch of the Bombay Civil Fund, founded on an annuity fund of earlier date, was established in Bombay, under the authority given by the said Court of Directors in a public despatch to the Governor in Council at Bombay, dated the thirty-first of December one thousand eight hundred and twenty-four, the said Annuity Branch having a separate capital for the grant of annuities like the Bengal and Madras Annuity Funds; and the said Civil Annuity Funds were supported by the subscriptions of the civil servants of the said Company and by certain contributions from the said Company:

And whereas, in a financial despatch to the Government of India, dated the tenth of February one thousand eight hundred and seventy-one, certain changes respecting the grant of annuities were authorised by the Secretary of State for India in Council, which, taken in connexion with other changes which had been previously made also under the authority of the said Secretary of State for India in Council, rendered the continuance of the machinery of the Bengal, Madras, and Bombay Civil Annuity Funds unnecessary:

And whereas, in accordance with the instructions contained in the aforesaid despatch, the Government of India caused the inquiry to be made whether, upon the terms respecting the grant of annuities offered by the Secretary of State in the said despatch, the subscribers to the said Civil Annuity Funds were willing to surrender the accumulated annuity capital of the said Funds to the Secretary of State for India in Council; and the proposition so to make over the accumulated annuity capital on the terms offered by the Secretary of State was carried in the affirmative by the subscribers to the Bengal, Madras, and Bombay Civil Annuity Funds by a large majority of votes:

And whereas, in order to avoid any doubt that may arise in regard to the legality of such transfer, it is necessary to make provision by law for enabling the trustees of the said Civil Annuity Funds to transfer the assets and liabilities thereof, including the assets and liabilities hereinafter referred to, to the Secretary of State for India in Council, and for enabling the Secretary of State for India in Council to accept the same:

Be it, therefore, enacted by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:

1. It shall be lawful for the trustees of the Bengal Civil Service Annuity Fund, and of the Madras Civil Service Annuity Fund, and of the Annuity Branch of the Bombay Civil Fund to transfer to the Secretary of State for India in Council the assets and liabilities of the Bengal, Madras, and Bombay Civil

Assets and liabilities of Bengal, Madras, and Bombay Civil Funds to be transferred to Secretary of State.

Annuity Funds, including any assets and liabilities to which the trustees of the Madras and Bombay Civil Annuity Funds may have succeeded as representing the trustees of the earlier funds at Madras and Bombay, and for the Secretary of State for India in Council to accept the same.

2. As the assets and liabilities of the said Civil Annuity Funds, including as aforesaid, shall be transferred to the Secretary of State for India in Council, and the acceptance thereof by the Secretary of State for India in Council notified by the Secretary of State for India in Council, the assets and liabilities of the said Funds shall be deemed to be liabilities of the said Funds, and the said liabilities may be enforced against the Secretary of State for India in Council in the same manner as they might have been enforced against the said Funds, if the said act had not been passed; and every civil servant who shall be an incumbent of an annuity from any of the said Civil Annuity Funds, or from any earlier fund the assets and liabilities of which shall have been transferred as aforesaid, shall be entitled to receive from time to time the amount of such annuity from the revenues of India; and every covenanted civil servant who shall be a subscriber to any of the said Civil Annuity Funds at or after the date of such notification shall be entitled on retirement to the benefits granted by the despatch of the Secretary of State in Council to the Government of India, dated the tenth of February one thousand eight hundred and seventy-one; namely,

If he shall have completed twenty-five years' service and twenty-one years' residence in India a fully annuity of one thousand pounds payable in England, or Company's rupees ten thousand six hundred and sixty-six ten annas and eight pies payable in Bengal, or Company's rupees ten thousand six hundred and fifty payable in Madras or Bombay:

And if he shall be compelled to resign the service on account of ill health, clearly proved by medical certificate,

If under five years' service, a grant of five hundred pounds;

If of five years' service and under six, an invalid annuity of one hundred and fifty pounds;

If of six years' service and under seven, an invalid annuity of one hundred and seventy pounds; and so on, an increase of twenty pounds being made to the annuity for each year's service, the highest invalid annuity being four hundred and fifty pounds for a service of twenty years.

3. Provided, that nothing in this Act contained shall prejudice any claim which may be made by any subscriber to the said Civil Service Annuity Funds, or by the representatives of any subscriber, upon the funds so transferred; and in case any question shall arise between any such subscriber or the representatives of any deceased subscriber on the one hand, and Secretary of State for India in Council on the other, as to any liability or alleged liability of the said funds, such question shall be determined by the Court of Appeal appointed by the Judicature Act, 1873, in such manner as may be provided by any general orders, or as the said Court may, on special application, think fit to prescribe, anything in the Statute of Limitations to the contrary notwithstanding.

37 VICTORIA, CHAPTER 13.

An Act to extend to the present Bishop of Calcutta the Regulations made by Her Majesty as to the leave of absence of Indian Bishops.

[8th June 1874.]

WHEREAS by an Act passed in the thirty-fourth and thirty-fifth years of the reign of Her Majesty, chapter sixty-two, it was provided that it should be lawful for Her Majesty to make such rules as to the leave of absence of Indian bishops on furlough or medical certificate as might seem to Her Majesty expedient: And whereas it was further provided that the provisions of existing Acts of Parliament should not be interfered with by such rules so far as regarded the present Bishop of Calcutta: And whereas the present Bishop of Calcutta has intimated his desire to be brought under such rules:

Be it enacted by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:

1. The rules made by Her Majesty as to the leave of absence of Indian bishops on furlough or medical certificate under the power given to Her by section one of the said Act shall apply to the present Bishop of Calcutta.

CALCUTTA CUSTOM HOUSE, the 7th August 1874.

CENTRAL RELIEF FUND.

Proceedings of the 17th Meeting of the Executive Committee of the Central Relief Committee held on the 2nd July 1874.

PRESENT :

The Hon'ble V. H. Schaleh, C.S.I., *President.* | J. R. Bullen-Smith, Esq.
 „ „ John Inglis, C.S.I.

1. The proceedings of the 15th and 16th meetings were read and confirmed.
2. The Chairman read the following applications for relief grants, viz.—

	Rs.
From Gya for the month of June	1,770
„ Patna	500 (a month for dispensaries so long as the famine lasts.)
„ Beerbhoom for month of July	16,000
„ Bankoora	18,000
„ Hooghly	6,000
„ Rajshahye	20,000
„ Manbhoom	5,000
„ Jessore	500

Beerbhoom had further asked for a special grant of Rs. 5,000.

Resolved that the above application be granted.

3. The Chairman read the cash accounts and statements of persons relieved from the following districts, viz.:—

Nuddea	... for April and May.
Burdwan	... „ „
Beerbhoom,	} to 31st May 1874.
Shahabad,	
Hooghly,	
Bankoora,	

Resolved that these be abstracted.

4. The Chairman read a letter from Mr. E. G. Man, forwarding a draft for Rs. 12,000, subscribed in British Burmah in aid of the relief fund.

Resolved, that the remittance be suitably acknowledged.

5. The Chairman read a letter from the Controller-General explaining, with reference to the 2nd Resolution of the 16th meeting, that the Government of India direct that the cost of all grain taken over from the Government stores by relief committees will be debited to the relief funds throughout the distressed districts, and this direction had lately been repeated in a letter from the Bengal Government to the address of the Controller-General.

Resolved that the Controller-General be addressed to the effect that the orders of the Government of India relate to Government Relief Fund, and not to the funds of the Central Committee. Also that he be informed that the Executive Committee have objected to the view taken in the letter from the Government of Bengal.

6. The Chairman read a letter from the Deputy Accountant-General of British Burmah forwarding Rs. 7,000 as a donation from the King of Upper Burmah in aid of the famine relief funds.

Resolved that the Committee send a letter of thanks in acknowledging the donation.

A bill of Rs. 13-1-6 for postage was presented and passed.

Proceedings of the 18th Meeting of the Executive Committee of the Central Relief Committee held on 6th July 1874.

PRESENT :

The Hon'ble V. H. Schaleh, C.S.I., *President.* | J. R. Bullen-Smith, Esq.
 „ „ John Inglis, C.S.I. | Moonshi Amir Ali Khan, Bahadoor.
 „ „ Rajah Jotendro Mohun Tagore. | Baboo Doorga Churn Lah.
 „ „ T. M. Robinson.

1. The proceedings of the last meeting were read and confirmed.
2. The Chairman brought forward one demi-official letter, which he had received from the Hon'ble C. E. Bernard, on the subject of the 1st Resolution of the 16th meeting, about the payment of grain in the very distressed districts. His Honor the Lieutenant-Governor wished to know whether the letter addressed to Government in the terms of the above resolution accurately stated the views of the committee, and if so, whether the committee would consider the matter further.

After a full discussion the following resolution was unanimously passed, viz., that—

The committee feel bound to say that they adhere to the former resolution, in virtue of which their funds were not made applicable to the purchase of grain from Government for charitable purposes in the very distressed districts. Such an arrangement was originally proposed by the Governor-General, at the conference in February last, has been acquiesced in by the committee all along, and is (they believe) well understood by the subscribers and the public at large. The committee are, however, willing to bear the charge for all Government grain expended in districts other than the very distressed ones. They hope that the Government will let them know the amount to which they are at present liable for grain hitherto expended in these districts. When they are by these means made aware of the extent of their liability on the account, the committee will be ready to consider to what extent they may fittingly repay to Government (on account of expenditure in supplying food in the very distressed districts) the money received under the promise that Government would double all public subscriptions.

3. The Chairman read a letter from the Lord Mayor of London advising a further remittance of £20,000, and inquiring whether further subscriptions should still be required.

Resolved that the Lord Mayor's remittance be acknowledged with thanks, and that he be informed that the committee, judging from the returns they have received, believe that the funds at their disposal will suffice to cover all requirements up to the end of the year.

4. The Chairman read a letter from the Collector of Burdwan asking for Rs. 35,000 for his district for the month of July, and another from the Collector of Midnapore asking for Rs. 2,000 for the same month.

Resolved that both applications be granted.

5. The Chairman read the cash account and statement of persons relieved in Midnapore during May 1874. The Collector seemed to have omitted a sum Rs. 635, received from Government, which omission caused a discrepancy of that amount between the balance in hand as shewn in this office and that shewn in the Collector's accounts.

Resolved that the Collector of Midnapore be asked to explain the discrepancy.

6. The Chairman read a letter from the Government of Bengal recommending for adoption by the committee two proposals of the Comptroller-General. The first was that Government grain locally purchased for relief purposes should be locally paid for, i. e., that the Relief Officer in accepting an issue of grain should send a cheque against the relief fund in payment of its value. The second was that in the cash accounts A and B the names of the Bengal districts should be retained.

Resolved, as regards the 1st proposal: that in districts where the grain given by Government for charitable purposes is chargeable to the Central Committee, the Relief Officer can send a cheque against the district relief fund in payment of any grain issued on account of the district local committee to the District Officer, and Commissioners will be asked to be careful that applications for sufficient funds are sent in good time to the Executive Committee, to admit of the necessary funds being remitted to the Collectors in good time.

As regards the 2nd proposal: that the Secretary to Government be addressed to the effect that for cash forms A and B referred to in Mr. Mangles's letter, cash account A only, as sanctioned by Government letter No. 3492—V.S., dated 30th May 1874, has been substituted. The former are therefore obsolete.

In the cash account now in force provision is made for the entry of subscriptions received in the district for local purposes of that district. All such subscriptions are expended by the district local committee without reference to the central committee. They are merely noted in the papers as received for local purposes and distinct from receipts for central committee's funds.

Proceedings of the 19th Meeting of the Executive Committee of the Central Relief Committee held on the 13th July 1874.

PRESENT:

The Hon'ble V. H. Schaleh, C.S.I., *President.*

" " John Inglis, C.S.I.

" " J. R. Bullen-Smith.

The Hon'ble T. M. Robinson.

" " Rajah Jotendro Mohun Tagore.

Baboo Doorga Charan Lah.

1. The proceedings of the last meeting were read and confirmed.

2. The Chairman read a copy of the revised estimates for the future requirements of the Bhagulpore Division, which amounted to the sum of Rs. 9,16,500; also a letter from Mr. Inglis, on the subject of the letter to the Lord Mayor about stopping subscriptions. This letter had been previously circulated by the Chairman.

Resolved that, in view of the figures placed before the meeting to-day, and pending further information, no action be taken upon the 3rd Resolution of the 18th meeting relating to the stoppage of further subscriptions.

Proceedings of the 20th Meeting of the Executive Committee of the Central Relief Committee held on the 14th July 1874.

PRESENT:

The Hon'ble V. H. Schaleh, C.S.I., <i>President.</i>	The Hon'ble T. M. Robinson.
" " John Inglis, C.S.I.	" " Rajah Jotendro Mohun Tagore.
" " J. R. Bullen-Smith.	Baboo Doorga Charan Lah.

The proceedings of the last meeting were read and confirmed.

2. The Chairman stated that as the Executive Committee had had an interview with His Honor the Lieutenant-Governor on the subject of their resolutions against the paying for Government grain, charitably expended in the six very distressed districts, he had called this meeting that the matter might be again considered.

After a prolonged discussion it was—

Resolved that the committee feel themselves unable, for reasons given in the 1st resolution of the 16th meeting and the 1st resolution of the 18th meeting, to alter the purport of those resolutions. But the committee desire to notify to His Honor the Lieutenant-Governor of Bengal their wish to undertake all charges for money allowances given in addition to grain doles everywhere; for all clothes and petty comforts given to paupers; and for all relief hospital charges in all districts. And also that the committee will notify to all relief committees and relief officers their readiness to make grants for rebuilding houses, for buying cattle, and giving a small donation at the end of the famine to all absolute paupers.

DISTRICT RELIEF COMMITTEES.

At a meeting of the Bankoora District Relief Committee held on the 27th instant,

PRESENT:

Baboo Kanti Chunder Chatterjee.	" Hari Lal Dobey.
" Pramatha Nath Banerjee.	Munshi Ali Zamin Sahab.

Baboo Kishna Gobind Goshami, *Member and Secretary.*

Read a letter from the Commissioner for the Division of Burdwan, requesting the Committee to reconsider their proposal to sell rice to D class paupers at 20 seers the rupee, and resolved that, considering the small number of men, some 10 or 12, who have come forward to buy rice even at so cheap a rate, it would be useless to raise it.

Read a letter from Baboo Ram Tarak Mookerjee, Sub-Inspector of Schools, recommending that some aid be given to Bhoirab Gorain, of Biharda, for enabling him to rebuild his house destroyed by fire, and resolved that a sum of Rs. 5 be given to him, and that Baboo Ram Tarak Mookerjee be requested to see that the sum thus granted be applied for the purpose indicated above.

Read a letter from Baboo Siva Dass Bhattacharji, Deputy Inspector of Schools, bringing to light certain irregularities which obtain in the Chooamasina Centre, and resolved that the report be made over to Mr. C. P. Macaulay for disposal.

As Baboo Hem Nath Basu, member in charge of jute and hemp spinning, is about to leave the district on transfer, it was proposed by the Chairman and unanimously carried that the thanks of the Committee be given to him for his valuable services, and that Baboo Mohesh Chunder Banerjee be requested to take charge of his duties.

Resolved that a second mohurir, on a salary of Rs. 8, be appointed for the jute spinning sub-committee in consequence of increase of work.

Resolved that Baboo Bankoo Bihari Ghosh be appointed member of the Committee, and that he be requested to join the jute spinning sub-committee.

NOTIFICATION.

The 17th August 1874.—Under the provisions of Section 83, Act V (B.C.) of 1870 (An Act to appoint Commissioners for making Improvements in the Port of Calcutta), the following additional Bye-law for the landing and delivery of goods at the jetties, as proposed by the Commissioners, is published for general information:—

BYE-LAW No. 14A.

When iron, drainage-pipes, or other goods, from their want of description or want of proper distinguishing marks, or from any other cause, are landed in a mixed condition, the Master or Agent of the vessel will be allowed two clear days to sort and make over the goods to the Commissioners; and until the goods have been made over and the usual receipt granted, they will remain on the wharf at the risk of the vessel. Such goods, if not made over to the Commissioners within the two clear days, will at the expiration of that time be subject to wharf-rent at the schedule rates, the rent incurred being payable by the vessel. After receipt of such goods by the Commissioners, consignees will be allowed two clear days to take delivery before incurring wharf-rent charges. This exemption shall not be extended to goods the consignees of which refuse or neglect to forward their invoices within 24 hours after the vessel commences to discharge.

J. F. K. HEWITT,

Offg. Junior Secy. to the Govt. of Bengal.

The following orders, issued by the Government of India in the Home Department, are republished for general information :—

No. 2159.—Fort William, the 14th August 1874.—Notifications.—Public.—The Government of India, in the Notification issued from this Department, under date the 21st August 1867, No. 3742, and published in the *Gazette of India* of the 24th idem, page 1221, promulgated, for general information, certain rules for the submission, receipt, and transmission of memorials, and other documents of the same class, addressed to Her Majesty, or to Her Majesty's Secretary of State for India, by private individuals, or by public officers of civil departments in India.

2. These rules declared that “no memorial would be received or attended to by the Home Government which had not been forwarded through the regular channel of the Governments in India,” and that every memorial addressed to Her Majesty, or to Her Majesty's Secretary of State, “should be forwarded through the local Government under which the writer is residing, or employed, with the view of affording an opportunity to such local Government of expressing an opinion and offering an explanation.”

3. Notwithstanding the promulgation of these rules, memorials have constantly been forwarded to England direct by persons in India; but they have invariably been rejected by Her Majesty's Government, and forwarded to the Government of India to be returned to the writers, with the intimation that Her Majesty's Government declines to entertain any representations from persons in India unless submitted through the local Government or Administration.

4. Her Majesty's Secretary of State has recently returned a number of such memorials, and has requested the Government of India to notify, for general information, “that no communication from any individual resident in India can be considered by Her Majesty, or by Her Majesty's Government, which is not transmitted through the prescribed channel, viz. that of the local Government.” Attention is, therefore, again drawn to the necessity of presenting such petitions to the local Governments and Administrations for transmission by them.

No. 554.—The 10th August 1874.—Mr. G. Graham, of the Bengal Civil Service, has been granted by Her Majesty's Secretary of State an extension of leave for six months on medical certificate.

No. 562.—The 14th August 1874.—The following list of Civil Servants on the Bengal Establishment, absent on furlough, special or subsidiary leave, on the 30th June 1874, is published for general information :—

OBSERVATIONS.—In the despatch above quoted Her Majesty's Secretary of State dwelt on the necessity for encouraging officers employed in the Political Department to study the

Persian and Arabic languages. Probably such encouragement could most effectually be afforded by holding out some reasonable prospect of employment to officers who devote themselves to the study of these languages. In the opinion of the Hon'ble the President in Council, however, it is impossible to give any definite promise of employment in the Political Department as reward to officers who pass examinations, or even high examinations, in Arabic or Persian. Other qualifications must necessarily be regarded as of even greater importance than linguistic attainments. At the same time a thorough knowledge of these languages should be allowed much weight in the selection of candidates, Civil or Military, for employment in the Political Department. With the view of ascertaining the number of officers who have passed the higher examinations in Arabic and Persian, a Circular was addressed on the 12th September 1873 to Local Governments and Administrations and to the Military authorities, desiring the submission of a list of all officers, Civil and Military, who have passed the "High Proficiency" and "Honor" tests in Arabic and Persian. From the replies received, a general list has been prepared, and forms an appendix to this resolution. Annual lists will, in future, be called for of officers who have passed these examinations, and will be published in the *Gazette of India*.

2. The President in Council deems it necessary that officers who are hereafter appointed to the Political service without having passed the High Proficiency or Honor tests in Persian or Arabic should, after their appointment, pass a linguistic test of a higher standard than that now demanded. Under Foreign Department Resolution No. 541P., dated 17th March 1871, officers in the Political Department are at present required to translate a passage of Persian into English, and a passage of English into Persian. They are also called on to hold, with moderate fluency, a conversation in Persian, and to read, with fair facility, a Persian manuscript. In order both to raise the present standard of qualification, and to bring it into accordance with the standards recognized under the Civil and Military Examination Rules, the President in Council considers it necessary to prescribe that in future officers appointed to the Political Department in and below the grade of 1st Class Political Assistant shall be required to pass either in Arabic or in Persian by the "High Proficiency" test; further that such officers, if employed in Turkish Arabia, the Persian Gulf, and Muscat, shall be required to pass a colloquial examination in Arabic; and if employed at Zanzibar, a colloquial examination in Arabic or Swaheli, even though they may have already passed in Persian; and if employed in the continent of India, a colloquial examination either in Hindee or the local vernacular of the place where they are serving. If such officers be appointed to Burmah, they will be required to pass the High Proficiency test in Burmese, but will not be required to pass in Arabic or Persian.

3. In thus raising the standard of qualification, the President in Council does not desire to exaggerate unduly linguistic acquirements, or to impose an irksome task on officers who have already attained a certain position in the Political Department. When the exigencies of the public service require the employment of an officer in any of the higher posts of the Political Department, Government reserves to itself the right of appointing any officer whom it considers to possess the best general qualifications, even though he may not have passed in these languages. But for the retention of appointments in and below the grade of 1st Class Political Assistant, it will be essential that officers hereafter appointed shall have passed, or shall within three years from date of appointment pass, the tests above prescribed, besides qualifying in the other subjects laid down for examination in the Political Department. To officers above the grade of 1st Class Political Assistant, neither these rules nor the rules contained in the Resolution No. 541P., dated 17th March 1871, are applicable.

4. This Resolution will only have prospective effect, and will not apply to officers at present holding either officiating or permanent appointments in the Political Department.

5. Under the existing examination rules of the Civil and Military services, officers are precluded from passing examinations by the High Proficiency standard elsewhere than in Presidency towns. For the purposes of the present Resolution, however, examinations of officers in Political employ will be conducted by the Committees, which, under the Foreign Department Resolution No. 541P., dated 17th March 1871, are periodically assembled for the examination of candidates in the other subjects prescribed for the Political Department, but no officer will be entitled to receive any pecuniary reward for passing the "High Proficiency" standard at such examinations. Rewards are granted only for examinations passed at a Presidency town under the rules prescribed for the Civil and Military services.

ORDER.—Ordered, that the foregoing Resolution be published in the *Gazette of India*. Also, that (with the reservation that the change does not affect officers now in the Political service) the following alteration be made in the Examination Rules published under Notification No. 541P., dated 17th March 1871:—

* Under paragraph 4 the above Notification, the production of a certificate to show that the candidate has elsewhere passed an examination in the High Proficiency test Persian or Arabic, will exempt him from examination therein. In British Burmah the test will be the "High Proficiency" standard in Burmese.

Instead of Rule 14, Clause 3, substitute "the Persian or Arabic language up to the High Proficiency standard."*

Instead of Rule 14 substitute: "The requisite examination in Persian or Arabic may be passed at any time within three years, from the date of the officer's entry into the Political service of Government."

Ordered, also, that the annexed list of officers who have passed the "High Proficiency" examinations in the Persian and Arabic languages be published in the *Gazette of India*.

NOTIFICATION.

The 13th August 1874.—The Lieutenant-Governor has been pleased to approve of the following revised boundaries of the Berhampore Municipality. So much of the notification of the 20th February 1869 as relates to the limits of this Municipality is hereby cancelled.

The Municipality is divided into two blocks—Block A or the Berhampore Block, and Block B or the Gorabazar Block. Block A of the Municipality is bounded on the west by the left bank of the Bhagiruttee river, from a point opposite Kotwallee Thannah on the road, about 154 yards to the north of the north-western corner of the hospital boundary wall up to a point due west of Mekraj Baboo's house at Koonjoghatta.

The other boundaries then run east along the Koonjoghatta Rajbarree Lane, up the Radhaballabhpura Lane, down the Girjatolla Lane, till it meets the Dayanuggur pukka road; it then runs south along the Dayanuggur road for about 110 yards to a small culvert, thence direct to the tank on the north side of the Chattra Bheel, thence along the north and east bank of that Bheel, down to Joy Chand Khagra Lane, thence westward along the Joy Chand Khagra Lane to Baboo Radhica Churn Sen's garden, thence direct to Sooreeparra, and on to the pucca bridge over the Kalkapore Bheel. The southern bank of the Kalkapore Bheel then forms the boundary, winding round up to the junction of the Jhoukholla pucca road and the Kalkapore pucca road. It then runs north along the Kalkapore pucca road up to a point near the Dutch burial-ground, where five roads meet, then north along the Sahebghatta Lane to the bank of the Adigunga, thence east along the south bank of the

Adigunga to a large tank at Dhungurparra, thence direct to a point where three roads meet at the old cemetery, thence along Cossimbazar outpost road, along the southern bank of the Katigunga to a cross road leading to the Nijsripore road, thence westward along the Nijsripore road to Moharane Surno Moyee's dwelling-house, thence south along the Baboolbona pucca road, thence west along the Puchanund Tollah pucca road to Grant Hall corner, thence north along Khalassibazar road, and west along Berhampore bazar road to Kotwallee Thannah.

Block B is bounded on the west by the Bhagiruttee river, from a point opposite Koylaghatta at the north-west corner of the College as far as Ojoodhyanuggur Lang, thence east along the Ojoodhyanuggur Lane, north up the Poora Pookur Lane, west along the Wakeelpara Lane to the south of the Judge's Cutchery, thence north along the Koolee Bazar road to the soldiers' cemetery, and thence east along the Koylaghatta road, south of the Military Cantonment, to the north-west corner of the College.

2. The Vice-Chairman after reading the proceedings of the last special meeting held on the 21st February 1874, which were confirmed by the Committee, explained that, in accordance with resolution 4 of that meeting, the current work of the Committee had been transacted at weekly meetings until the 9th June 1874, and in strict accordance with the rules approved of at that meeting; that is to say, the work of distributing cash for relief under heads *b*, *c*, and *d* of the Central Committee's Notification of the 4th March 1874, had been carried out by the valuable assistance of four Honorary Secretaries who supervised the committees and examined their reports and accounts before laying them before the weekly meetings with their recommendations. Similarly, the work in Serampore had been conducted by a Sub-Divisional Committee under Mr. Jeffrey, the Sub-Divisional Officer.

3. The recent orders to substitute rice relief for cash had however compelled him, the Vice-President, to reorganize the whole system of relief on a new basis, for it was not possible to saddle the Honorary Secretaries with the transport and storage of Government rice in remote parts of the mofussil at a time of the year when the rainy season might be immediately expected to render the roads difficult, and some of the sub-committees inaccessible. All the arrangements had been expressly framed to meet the exigencies of cash relief, and were not adapted for relief in kind.

4. The Vice-President therefore was compelled to stop the weekly meetings, and to give his whole attention to the storage of sufficient rice in the mofussil to last till the country should again be in a practicable state.

5. In the meantime, however, it became clear that even under a system of payment in kind on production of tickets, which was the system introduced, the services of the four Honorary Secretaries would still be most useful in supervising the system of light-labor relief under heading c, and endeavouring to extend it to committees which had hitherto neglected this most important branch of relief. The Secretaries willingly came forward, and, as is shown by the increase of figures of c relief, have effected a marked improvement.

6. The Vice-President then submitted the accounts showing the receipts and cash disbursements of the fund for each month up to date, and explained that to the disbursement therein shown, it would be necessary to add a large sum, not less than Rs. 31,096-7-6, as the price of Government grain supplied for relief.

7. For this purpose, as well as for purchase of materials for labor, expense of establishment, and of transportation of grain, he had applied for a sum of Rs. 45,000 from the Central Committee for the month of August, and he requested the approval of the full Committee at this special meeting to what had been done up to date, both by the Committee at their weekly meeting and by the Vice-President. As regards the accounts, they would have to stand the scrutiny of the Comptroller-General, and it was needless to ask for the Committee's approval of them except in a general manner; but he wished for a general resolution as to the opinion of the Committee, composed as it was of gentlemen of position and influence from all parts of the district, as to the sufficiency or otherwise of the relief afforded, and as to their approval or disapproval of the means taken for the purpose of relief. He had also some resolution to bring forward in due course.

8. Baboo Peary Mohun Mookerjee proposed, and Baboo Troylukho Nath Mitter seconded, a resolution, to the effect that the measures of relief undertaken were sufficient, and met with the hearty approval of the Committee, and had been the means of averting much distress in the district, and that in the opinion of the Committee similar measures should be continued, as from the condition of the crops it was to be feared that exceptional distress will continue for some time.

9. This resolution was agreed to *nem. con.*

10. The Vice-President then proposed that the thanks of the Committee be accorded to the four Honorary Secretaries—

Baboo Dwarka Nath Chuckerbutty,

Baboo Nemye Chand Seal,

„ Hurro Chunder Ghose,

„ Gobind Chunder Bose,

and to Baboo Lolit Mohun Singh, who had for a time carried on the duties of an Honorary Secretary. The Vice-President explained that these gentlemen had each of them the charge of more than 20 sub-committees, whose weekly accounts and reports they had to check and digest, besides supplying them with cash and materials for gratuitous relief, and relief by light-labor; that the work thus imposed on them was of no light nature, as the sub-committees were continually asking for advice and explanations, and continually requiring check and control. Now that the supply of rice centres had devolved on him, the Vice-President, he was continually reminded of the amount of work which had been cheerfully and punctually performed by these gentlemen.

11. The resolution was seconded by Baboo Peary Mohun Mookerjee, and was carried *nem. con.*

12. The Vice-President then proposed that a vote of thanks be accorded to all the Presidents of sub-committees, especially—

Rev. Juggudishur Bhuttacherjee, of Mahanad,

Baboo Kedar Nath Nag, of Gooroo,

„ Jodoo Nath Mookerjee, of Ala,

„ Bunko Behary Neogee, of Chinsurah,

who have succeeded in organizing labor on a considerable scale, and almost self-supporting basis, in their respective circles.

13. This proposition was seconded by Baboo Troylukho Nath Mitter, and carried unanimously.

14. At the request of the Honorary Secretaries the following sub-committee was appointed for auditing their accounts:—

Baboo Opendro Nath Nundy.

Baboo Kristo Mohun Bose.

„ Bhagavati Churun Laha.

„ Behary Lall Dutt.

15. The meeting then dissolved.

RESOLUTION.

GENERAL DEPARTMENT.

SECTION B.

Calcutta, the 22nd August 1874.

READ—

Resolution in the Financial Department of this Government, dated 22nd April 1873, regarding the provision of executive establishments to sub-divisions.

Rules for the Instruction and Examination of Candidates for the Native Civil Service, dated 22nd April 1873.

Report by the Superintendent of the Subordinate Civil Service Examination of the result of the examination held in March last at Hooghly, Patna, Dacca, Cuttack, and Gowhatty.

This office letter to the Director of Public Instruction, dated 10th October last, prescribing the revised rules for the Native Civil Service Examination of 1865, and for the regulation of the Native Civil Service Classes.

Lists of the candidates who passed at the Native Civil Service Examinations which were held during the month of March last at Hooghly, Patna, Dacca, Cuttack, and Gowhatty, have already been published in the *Calcutta Gazette*.

2. Of 423 candidates who obtained permission, 385 actually appeared and were examined. Of these 67 were declared by the examiners to have passed in the higher grade and 132 in the lower grade. One more candidate has been passed in the lower grade on the recommendation of the Superintendent of the Examinations. The total number of passed candidates is 200.

3. Of the candidates who passed in the lower grade, nine having passed with distinction, have been placed, at the special recommendation of the Superintendent of the Examinations, in the higher grade, making a total of 76. Of these 38 having fulfilled the requirements of paragraph 4, Part II, of the Rules for the Instruction and Examination of Candidates for the Native Civil Service, dated 22nd April 1873, have been placed in Class I and declared eligible for all appointments in the Subordinate Civil Service. The remaining 38 candidates have been placed in Class II, and will become eligible for all such appointments on their serving for one year in appointments of less value than Rs. 100 per mensem, for which they are now declared qualified.

4. The remaining 123 who passed in the lower grade, and the one who has been specially so passed, have been placed in Class III, and are declared qualified to hold appointments of less value than Rs. 100 per mensem.

5. The Commissioners to whose divisions the second class men of the examinations of 1873 were allotted, have been desired to report on their qualifications. If they are found deserving, they will be declared to be eligible for all appointments.

6. Two of the candidates who have passed in the first class are natives of Assam, and are anxious for employment in that province. Their cases will be brought to the notice of the Chief Commissioner of Assam, and a copy of Mr. Grimley's remarks regarding these two candidates in paragraph 6 of his report will be forwarded for the information of the Chief Commissioner.

7. Bahoo Nundkishore Dass, Deputy Magistrate and Deputy Collector, and Bhoonya Abdoor Ruhman Khan, Sub-Deputy Collector in Orissa, who were appointed to their respective offices subject to passing the Native Civil Service Examination, and have passed in the higher grade, are now confirmed in their appointments.

8. The Superintendent of the Examinations recommends that a silver medal be awarded to Baboo Lolitmohun Dhur, the first on the list of the passed candidates. The Lieutenant-Governor has already, in recognition of the merits of this native gentleman, conferred on him an appointment of acting Deputy Magistrate and Deputy Collector, and he considers this, under the circumstances, the more appropriate form of reward.

9. Another passed candidate of this year, Baboo Omoollo Churn Mullick, who was formerly a member of the Subordinate Executive Service, but removed for failure to pass the departmental examinations within the prescribed time, has, in accordance with the promise held out to him at the time of his removal, been appointed to act as a Deputy Magistrate and Deputy Collector.

10. Forty other candidates have been appointed temporary Sub-Deputies or Relief Superintendents in connection with the present famine relief operations, since the date of the examination.

11. The following is an abstract of the allotment which has been made of the passed candidates, exclusive of the two passed candidates who will be recommended to the Chief Commissioner of Assam:—

Division.	1st class candidates.	2nd class candidates.	3rd class candidates.
Burdwan	5	5	14
Presidency	6	6	13
Rajshahye	6	8	13
Cooch Behar	1	0	4
Dacca	4	4	12
Chittagong	2	4	10
Patna	5	3	25
Bhagulpore	3	3	15
Orissa	2	2	7
Chota Nagpore	2	3	11
Total	36	38	124

12. A list showing the names of the candidates allotted to the different divisions has been already circulated with this office Circular No. 12E, dated the 14th instant. They are recommended to report themselves to the Commissioners of the divisions to which they are assigned. Any candidates who wish to exchange by mutual arrangement with other candidates placed in the allotment list, may jointly apply to Government for permission to do so within a month of the publication of this resolution. Commissioners who have exhausted their own lists may select men from the other lists with the consent of the Commissioner to whom the candidate has been allotted.

13. The attention of Commissioners is drawn to the following extract from the Native Civil Service Examination Rules now in force:—"Lists of successful examinees will be published in the *Gazette*, so that Commissioners, Magistrates, and Educational Committees, may select for ministerial or other appointments passed candidates for whom vacancies in the Native Civil Service may not be immediately available."

14. Detailed lists showing the past service, the University or other attainments of each candidate, and the special subjects in which he passed, will be forwarded to Commissioners.

15. Unpassed candidates who were temporarily admitted to appointments pending the result of the late examination, or who were appointed subject to passing at that examination, and have failed to do so, should be now replaced

by passed men. The attention of all Commissioners of divisions is requested to this order.

16. It is to be understood that the appointments which have been made or may be made of men who have never before served Government are on probation for a year, and that their confirmation will depend on the practical efficiency shown by them. The District Officers will report on this point through the Commissioner after the expiry of a year. Their attention is drawn to paragraph 18 of the Resolution in Financial Department of 22nd April 1873. The reports now overdue should be submitted at an early date to the address of the Secretary to this Government in the General Department, Section B.

17. The Superintendent of the Examinations has recommended that thirty-seven of the candidates who have failed, but who have attained the passing standard of marks in certain subjects, may, if they appear at the next examination, be exempted from examination in those subjects. The proposal is however opposed to the principle on which these examinations have been hitherto conducted, and does not commend itself to the Lieutenant-Governor.

18. Mr. Grimley has also suggested that Messrs. Swinden, Babanau, and Lloyd, be considered qualified for appointments in the Opium Department, as they have succeeded in passing in some of the subjects which are obligatory for opium candidates. There are, however, other considerations which regulate the special nominations required under the rules for opium appointments, and the Lieutenant-Governor is not prepared to adopt the proposals made in favor of these gentlemen. Their success in the subjects in which they have passed qualify them for the general service, but gives them no claim to be admitted to the Opium Department.

19. As explained in the letter to the Board of Revenue, No. 1157G, dated 28th October 1872, candidates for opium appointments are required to pass in—

- | | |
|----------------|-------------------------------------|
| 1. English. | 4. Law (opium laws and rules, &c.). |
| 2. Vernacular. | 5. Chemistry. |
| 3. Surveying. | 6. Botany. |

They are not required to pass in engineering or drawing. Apparently there has been some confusion from a misunderstanding of the rules in the recent examinations. In future when special permissions are given to candidates for the Opium Department, they will be informed of the rules which regulate their examination.

20. Mr. J. W. H. Dalrymple Clark, who was appointed to act as Assistant Superintendent of Police, subject to passing the examination for police appointments, has passed very successfully in criminal law, but has failed in other subjects. He was only nominated in November last, and has had but little time for preparation. He has lately been employed on distant duty in connection with the famine relief operations in Julpigoree, and under these circumstances will retain his present acting appointment subject to the results of the next examination.

21. The total amount of fees received from candidates at the late examinations is Rs. 9,060. The sum of Rs. 3,704-5-3 has already been disbursed, debitable to the receipts on account of fees. The propositions submitted by Mr. Grimley for remunerating the examiners and other gentlemen who have assisted in the late examinations are sanctioned. In addition, it is necessary to provide some remuneration for Mr. Grimley for his share of the work performed by him as Superintendent of the Examination subsequent to the date of his assuming charge of the office of Secretary to the Board of Revenue on the 13th April, when the special allowance, which he had drawn at the rate of Rs. 1,000 a month from the 15th January last, ceased. Mr. Grimley's labors have not been light, and he has performed the duty very satisfactorily. The Lieutenant-Governor is pleased therefore to pass to him a further remuneration of Rs. 500 a month for two months from the 13th April last. The further expenditure thus sanctioned amounts in all to Rs. 4,503, and is shown in detail in the statement appended to this Resolution.

22. The thanks of Government are due to Mr. Grimley and to the gentlemen who were associated with him in conducting the examination; and the Lieutenant-Governor has much pleasure in acknowledging the services, which have been again rendered in the matter by Messrs. Sutcliffe and Thwaytes and by other gentlemen in the Educational Department.

23. The Lieutenant-Governor regards the general outturn of these examinations with satisfaction, as showing that the system is duly appreciated by the educated classes, and that increasing numbers are endeavouring to qualify themselves by study and experience.

24. But it must be borne in mind that the result of the past examination, and of those which were held on two previous occasions, has been to render 376 gentlemen eligible for appointments. The appointment to sub-divisions for the first time of subordinate executive officers has enabled Government already to provide almost all those passed on previous occasions with suitable posts, and in this year the necessities of the famine have rendered available a considerable number of appointments for the men who have passed this year's examination. In the future, however, the requirements of the Government service will be on a much smaller scale. Including temporary and officiating appointments, the approximate number of officers of the higher grade in the services for the supply

Deputy Magistrates and Deputy Collectors	...	232
Sub-Deputy Collectors	...	114
Subordinate Executive Service in Non-Regulation Provinces	...	29
Total	..	375

of which these examinations were specially organized is 375, as in the margin. Excluding temporary posts, there are only 100 appointments of the lower grade of such a character as passed candidates would be likely to accept in

the sub-divisional establishments. To these must be added whatever appointments Magistrates and Educational Committees may put at their disposal. Taking all these into account, it is not likely that the number of vacancies in appointments of both grades will exceed 15 on an average yearly. And it is to be remembered that under the rules it has been distinctly laid down that a passed candidate is not entitled by his success to an appointment under Government, but is only eligible for such appointments as vacancies arise. It is not, therefore, absolutely obligatory that all the appointments which may fall vacant shall be conferred on the gentleman selected from among the passed candidates. The selection of Government is not entirely limited to the list of those who have succeeded at these examinations. The Lieutenant-Governor though quite desirous of maintaining the principle of the existing rules, yet deems it expedient to state these circumstances, lest expectations should arise to an extent which Government may be unable to fulfil.

25. From what is above stated, it appears that already there are many more passed candidates for appointments on the Government lists than Government can ordinarily hope to provide for in the next two years. In the rules which have already been published for the examination which is to be held in the early part of next year, some provision has been made with a view to reduce the number of those who can present themselves for examination, and further proposals have been made for effecting this in a greater degree eventually. The Lieutenant-Governor apprehends that it may become necessary to make some limitation of the rule under which candidates obtaining a certain number of marks on different subjects are qualified for appointments, or to adopt for the future the competitive system (with such modifications as may be found expedient), and to limit the number of successful candidates to the number of vacancies which may be previously notified to exist in the several grades. Before finally determining the course to be adopted, His Honor will await the result of the next examination under the rules which have already been published. In the meantime, the standard of proficiency to be exacted at the next examination must be raised; and while candidates who gained one-third marks in each paper and half marks on each subject were passed on previous occasions, on this one it will be an instruction to the examiners to require two-third marks in each paper and subject from the candidates for both the higher and the lower grades.

NOTIFICATION.

The 17th August 1874.—Under the provisions of Section 83, Act V (B.C.) of 1870 (An Act to appoint Commissioners for making Improvements in the Port of Calcutta), the following additional Bye-law for the landing and delivery of goods at the jetties, as proposed by the Commissioners, is published for general information :—

BYE-LAW No. 14A.

When iron, drainage-pipes, or other goods, from their want of description or want of proper distinguishing marks, or from any other cause, are landed in a mixed condition, the Master or Agent of the vessel will be allowed two clear days to sort and make over the goods to the Commissioners; and until the goods have been made over and the usual receipt granted, they will remain on the wharf at the risk of the vessel. Such goods, if not made over to the Commissioners within the two clear days, will at the expiration of that time be subject to wharf-rent at the schedule rates, the rent incurred being payable by the vessel. After receipt of such goods by the Commissioners, consignees will be allowed two clear days to take delivery before incurring wharf-rent charges. This exemption shall not be extended to goods the consignees of which refuse or neglect to forward their invoices within 24 hours after the vessel commences to discharge.

NOTIFICATION.

The 13th August 1874.—The Lieutenant-Governor has been pleased to approve of the following revised boundaries of the Berhampore Municipality. So much of the notification, of the 20th February 1869 as relates to the limits of this Municipality is hereby cancelled.

The Municipality is divided into two blocks—Block A or the Berhampore Block, and Block B or the Gorabazar Block. Block A of the Municipality is bounded on the west by the left bank of the Bhagiruttee river, from a point opposite Kotwallee thana on the road, about 154 yards to the north of the north-western corner of the hospital boundary wall up to a point due west of Mekraj Baboo's house at Koonjoghatta.

The other boundaries then run east along the Koonjoghatta Rajbarree Lane, up the Radhabullhubpara Lane, down the Girjatollah Lane, till it meets the Dayanuggur pukka road; it then runs south along the Dayanuggur road for about 110 yards to a small culvert, thence direct to the tank on the north side of the Chattra Bheel, thence along the north and east bank of that Bheel, down to Joy Chand Khagra Lane, thence westward along the Joy Chand Khagra Lane to Baboo Radhica Churn Sen's garden, thence direct to Sooreeparra, and on to the pucca bridge over the Kalkapore Bheel. The southern bank of the Kalkapore Bheel then forms the boundary, winding round up to the junction of the Jhoukholla pucca road and the Kalkapore pucca road. It then runs north along the Kalkapore pucca road up to a point near the Dutch burial-ground, where five roads meet, then north along the Sahebghatta Lane to the bank of the Adigunga, thence east along the south bank of the Adigunga to a large tank at Dhungurparra, thence direct to a point where three roads meet at the old cemetery, thence along Cossimbazar outpost road, along the southern bank of the Katigunga to a cross road leading to the Nijripore road, thence westward along the Nijripore road to Moharanee Surno Moyee's dwelling-house, thence south along the Baboolbona pucca road, thence west along the Panchanund Tollah pucca road to Grant Hall corner, thence north along Khalassibazar road, and west along Berhampore bazar road to Kotwallee thana.

Block B is bounded on the west by the Bhagiruttee river, from a point opposite Koylaghatta at the north-west corner of the College as far as Ojoodhyanuggur Lane, thence east along the Ojoodhyanuggur Lane, north up the Poora Pookur Lane, west along the Wakeelpara Lane to the south of the Judge's Cutchery, thence north along the Koolee Bazar road to the soldiers' cemetery, and thence east along the Koylaghatta road, south of the Military Cantonment, to the north-west corner of the College.
